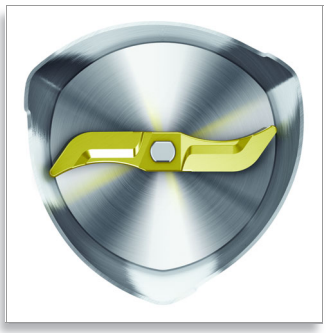
Highlights

'ProMix'blending technology

Together with the prestigious Stuttgart University we developed an advanced technology for more consistent and faster blending. The unique ProMix blending technology uses a triangular shape to create an optimal flow and now gives even better performance making your silky smooth soups and smoothies.

Titanium coated blade



The new golden colored titanium coated blade is more than six times harder than its predecessors and three times harder than a Samurai sword. This ensures your blade stays sharper for even longer.

750 W motor

Best-in-class motor for optimal food preparation.

Extra powerful turbo button

Extra powerful turbo button

20 speed settings

20 speed settings

Anti-splash blade guard

No splashes or mess while you blend.

1 L beaker with lid

1 L beaker with lid to store soups, puree or shake.

Compact chopper accessory

Compact chopper accessory

Whisk accessory

Whisk accessory for whipping cream, mayonnaise and much more.
